

## RII30820 Certificate III in Civil Construction Plant Operations

*Do you operate a range of plant and equipment within the civil construction industry? Increase your onsite communication skills, operation of equipment and ability to plan and organise work activities with this dynamic qualification.*

### Course Overview

This qualification reflects the role of a skilled plant operator working within the civil construction industry, who applies a broad range of skills in a varied work context, using some discretion, judgement and relevant theoretical knowledge. The individual may provide theoretical advice and support a team.

### Delivery and Assessment

There are theory and practical training and assessment components to the course.

Skills will be trained and assessed through a mixture of on-the-job and off-the-job training and assessment.

You may be able to seek recognition for your previous studies or experience. Civil Train offers Recognition of Prior Learning (RPL), Recognition of Current Competency (RCC) and Credit Transfer (CT) for this qualification.

### Entry Requirements

Civil Train will conduct a Language, Literacy and Numeracy (LLN) test at the qualification level for all learners as part of the enrolment process. The LLN test will determine if any support is required to undertake this qualification. Learners who are identified as not meeting course entry requirements will be assisted with referral to appropriate support services.

Learners will be required to be employed in the civil construction industry and have a Construction White Card prior to starting training within the qualification.

### Course Duration

This program is offered as a 36-month apprenticeship in WA under a Contract of Training. Formal training may be completed in a shorter amount of time for experienced learners.

### Indicative Prices

**Funded:** Funding may be available through the Jobs & Skills WA, Lower Fees, Local Skills program; if students are registered through a traineeship/apprenticeship pathway. Fees will depend on units selected and in which year the units commence. The student tuition fees are indicative only and are subject to change given individual circumstances at enrolment. Additional fees may apply such as student services and resource fees.

**Unfunded:** \$12,500

The CTF provides funding support for training of eligible workers in the construction industry. We acknowledge the support of the CTF in reducing the costs of training for eligible workers.

Contact your local super friendly consultant. They know a bucket load about training for our industry. They'll discuss training methodologies that best suit your business and they are current with the latest government incentives that may be available to your business.

### Units of Competency

#### TOTAL OF 20 UNITS (15 CORE PLUS 5 ELECTIVES)

Fifteen (15) core units – these are mandatory and cannot be changed

CORE	RIIBEF201E	Plan and organise work	CORE	RIICOM201E	Communicate in the workplace
CORE	RIICCM201E	Carry out measurements and calculations	CORE	RIIRIS301E	Apply risk management processes
CORE	RIICCM202E	Identify, locate and protect underground services	CORE	RIISAM201E	Handle resources and infrastructure materials and safely dispose of nontoxic materials
CORE	RIICCM203E	Read and interpret plans and job specifications	CORE	RIISAM203E	Use hand and power tools
CORE	RIICCM205F	Carry out manual excavation	CORE	RIISAM204E	Operate small plant and equipment
CORE	RIICCM206E	Support plant operations	CORE	RIIWS201E	Work safely and follow WHS policies and procedures
CORE	RIICCM207E	Spread and compact materials manually	CORE	RIIWMG203E	Drain and dewater civil construction sites
CORE	RIICCM208E	Carry out basic levelling			
<b>Group A units</b>					
A	RIIMPO318F	Conduct civil construction skid steer loader operations**	A	RIIMPO323E	Conduct civil construction dozer operations**
A	RIIMPO319E	Conduct backhoe/loader operations**	A	RIIMPO320F	Conduct civil construction excavator operations**
A	RIIMPO321F	Conduct civil construction wheeled front end loader operations**	A	RIIMPO337E	Conduct articulated haul truck operations**
<b>Group B units</b>					
B	RIIMPO326E	Conduct water vehicle operations**	B	RIIHAN311F	Conduct operations with integrated tool carrier**
B	RIIVEH304E	Conduct tip truck operations**	B	RIIMPO317F	Conduct roller operations**
<b>Group C units</b>					
C	RIICCM211E	Construct and dismantle fences and gates	C	RIIRIS201E	Conduct local risk control
C	RIICRC201E	Repair potholes	C	RIIWS202E	Enter and work in confined spaces
C	RIICRC208E	Lay pipes	C	RIIWS204E	Work safely at heights
C	RIIHAN308F	Load and unload plant**	C	RIIWS205E	Control traffic with stop-slow bat*
<b>You can choose up to one (1) imported unit - some suggestions</b>					
	RIIWS302E	Implement traffic management plans*		MSMPER202	Observe work permit

Learners must be able to have regular and consistent on-the-job access to the required tasks within the units selected.

Other electives may be offered, in accordance with the packaging rules. Please contact a Civil Train representative if you would like to discuss electives not identified on this course information brochure.

\*\*Must have plant available onsite for training and assessment activities

\*These units are required to be delivered in conjunction with other units to achieve traffic management accreditation with each state body.

Western Australia – Basic Worksite Traffic Management and Traffic Control

#### TERMS AND CONDITIONS
