

## RII30920 Certificate III in Civil Construction

### General Stream

*Are you working within an operational role in the civil construction industry? This qualification is designed for generalists within the industry that work on a variety of projects needing a broad range of skills.*

#### Course Overview

This qualification reflects the role of a skilled operator working in civil construction, who applies a broad range of skills in a varied work context, using some discretion, judgement and relevant theoretical knowledge.

#### Delivery and Assessment

There are theory and practical training and assessment components to the course.

Skills will be trained and assessed through a mixture of off-the-job and on-the-job training and assessment.

You may be able to seek recognition for your previous studies or experience. Civil Train offers Recognition of Prior Learning (RPL), Recognition of Current Competency (RCC) and Credit Transfer (CT) for this qualification.

#### Entry Requirements

Civil Train will conduct a Language, Literacy and Numeracy (LLN) test at the qualification level for all learners as part of the enrolment process. The LLN test will determine if any support is required to undertake this qualification. Learners who are identified as not meeting course entry requirements will be assisted with referral to appropriate support services.

Learners will be required to be employed in the civil construction industry and have a Construction White Card prior to starting training within the qualification.

#### Course Duration

This program is offered as a 36-month apprenticeship in WA under a Contract of Training. Formal training may be completed in a shorter amount of time for experienced learners.

#### Indicative Prices

**Funded:** Funding may be available through the Jobs & Skills WA, Lower Fees, Local Skills program; if students are registered through a traineeship/ apprenticeship pathway.

Fees will depend on units selected and in which year the units commence. The student tuition fees are indicative only and are subject to change given individual circumstances at enrolment. Additional fees may apply such as student services and resource fees.

**Unfunded:** \$12,500.00

The CTF provides funding support for training of eligible workers in the construction industry. We acknowledge the support of the CTF in reducing the costs of training for eligible workers.

Contact your local super friendly consultant. They know a bucket load about training for our industry. They'll discuss training methodologies that best suit your business and they are current with the latest government incentives that may be available to your business.

### Units of Competency

#### TOTAL OF 25 UNITS (8 CORE PLUS 17 ELECTIVES)

Eight (8) core units – these are mandatory and cannot be changed

CORE	RIIBEF201E	Plan and organise work	CORE	RIIRIS301E	Apply risk management processes
CORE	RIICCM201E	Carry out measurements and calculations	CORE	RIISAM203E	Use hand and power tools
CORE	RIICCM203E	Read and interpret plans and job specifications	CORE	RIISAM204E	Operate small plant and equipment
CORE	RIICOM201E	Communicate in the workplace	CORE	RIIWS201E	Work safely and follow WHS policies and procedures

Group YA - YK units - at least four must be chosen from Groups YA - YK

YA	RIICBS202E	Hand spread asphalt	YE	RIICRC208E	Lay pipes
YE	RIICPL301E	Install water mains pipelines	YE	RIICRC301E	Maintain drainage systems
YE	RIICPL302E	Install stormwater systems	YK	RIICCM202E	Identify, locate and protect underground services
YE	RIICPL303E	Install sewer pipelines	YK	RIIHAN308F	Load and unload plant**
YE	RIICPL304E	Install pre-cast gully pits	YK	RIIMPO320F	Conduct civil construction excavator operations**
YE	RIICPL305E	Install pre-cast access chambers	YK	RIIWMG203E	Drain and dewater civil construction sites

Group Z units - at least ten must be chosen from Group Z

Z	RIICCM202E	Identify, locate and protect underground services	Z	RIIHAN308F	Load and unload plant**
Z	RIICCM205F	Carry out manual excavation	Z	RIIIMG301E	Maintain site records
Z	RIICCM206E	Support plant operations**	Z	RIIMPO318F	Conduct civil construction skid steer loader operations **
Z	RIICCM207E	Spread and compact materials manually	Z	RIIRIS201E	Conduct local risk control
Z	RIICCM208E	Carry out basic levelling	Z	RIIWS202E	Enter and work in confined spaces
Z	RIICCM201E	Install trench support**	Z	RIIWS204E	Work safely at heights
Z	RIICCM211E	Construct and dismantle fences and gates	Z	RIIWS205E	Control traffic with stop-slow bat*
Z	RIICRC201E	Repair potholes	Z	RIIWS302E	Implement traffic management plans*
Z	RIICRC306E	Conduct earthworks	Z	RIIWMG203E	Drain and dewater civil construction sites

You can choose up to three (3) imported units - some suggestions

	RIIMPO321F	Conduct civil construction wheeled front end loader operations**		RIIMPO337E	Conduct articulated haul truck operations**
	RIIHAN311F	Conduct operations with integrated tool carrier**		MSMWHS217	Gas test atmospheres***
	MSMPER202	Observe permit work***			

Learners must be able to have regular and consistent on-the-job access to the required tasks within the units selected.

Other electives may be offered, in accordance with the packaging rules. Please contact a Civil Train representative if you would like to discuss electives not identified on this course information brochure.

\*\*\* Can be delivered in conjunction with confined spaces

\*\*Must have plant available onsite for training and assessment activities

\*These units are required to be delivered in conjunction with other units to achieve traffic management accreditation with each state body.  
Western Australia – Basic Worksite Traffic Management and Traffic Control
